BLUE OUTLOOK FOR REPUBLICAN RALLY.

Event Scheduled for September 1 at Sedalia May Be Called Off Altogether.

THIS OR A POSTPONEMENT.

Failure to Obtain Speakers of National Reputation Given as the Cause-Mr. Kerens Was Not Consulted.

The Republican rally scheduled to be held at Sedalia on September 1 may be called

This is the result of several things over which the Republican State Committee, which set the date and place, has no control. If it is decided not to do away with the opening of the campaign at Sedalia on the date set the event at least will be

postponed. When Sedalia was selected and the date set for September 1 the Republican State Executive Committee bit off more than it now finds it can properly masticate. There is a hitch. The responsibility for this hitch is placed upon Colonel R. C. Kerens, Republican National Committeeman from Missouri. The Executive Committee did not want to consult Mr. Kerens in regard to the meeting. That's where the committee

St. Louis Firm Receives Big Order From Kentucky Republicans.

Last Friday the St. Louis Button Company, No. 620 North Broadway, received an order for 200,000 photo-buttons from the Kentucky Republican State Executive Committee. This is the largest single order ever received by a St. Louis photo-button maker. The St. Louis Button Company obtained it in the face of sharp competition from the East.
